CALL FOR CONTRIBUTIONS

COOL Chips is an International Symposium initiated in 1998 to present advancement of low-power and high-speed chips. The symposium covers leading-edge technologies in all areas of microprocessors and their applications. The COOL Chips XII is to be held in Yokohama on April 15-17, 2009, and is targeted at the architecture, design and implementation of chips with special emphasis on the areas listed below. Several selected papers will be published in the November/December 2009 issue of the IEEE MICRO.

Contributions are solicited in the following areas:

- Low Power-High Performance Processors for
- Novel Architectures and Schemes for
- Cool Software including - Parallel Schedulers, Embedded Real-time Operating System, Translation Binarizations, Compiler Issues and Low Power Techniques.

Proposals should consist of a title, an extended abstract (up to 3 pages) describing the product or topic to be presented and the name, job title, address, phone number, FAX number, and e-mail address of the presenter. The status of the product or topic should precisely be described. If this is a not-yet-announced product, and you would like to keep the submission confidential, please indicate it. We will do our best to maintain confidentiality. Proposals will be selected by the program committee's evaluation of interest to the audience. Submission should be made by e-mail. (Author’s kit can be obtained from http://www.coolchips.org/)

to: Makoto Ikeda, Program Chair  e-mail: submit_xii@coolchips.org

Author Schedule:

Extended Abstract Submission (by e-mail)  January 16, 2009
Acceptance Notified (by e-mail)  March 2, 2009
Final Manuscript Submission  March 16, 2009
Poster Acceptance Notified (by e-mail)  March 16, 2009

For more information, please visit http://www.coolchips.org/.
For any questions, please contact the Secretariat cool_xii@coolchips.org.

Sponsored by the Technical Committees on Microprocessors and Microcomputers and Computer Architecture of the IEEE Computer Society. In cooperation with the IEICE Electronics Society, ACM SIGARCH and IPSJ.
